a “once in a blue moon” Kittens Hash trail

Some fun Kittens full moon traditions that will be fun. You do not need to like cats, but it helps. Ears and Tails are **strongly** recommended. The charity this one off GMT kittens trail will be supporting is to bring two beautiful snow leopards over from Belgium and to give them an enclosure that they will be able to have a lovely happy ending after being rescued. More information is below. I hope you can join. There is a run fee to cover down downs and all other will go to the Snow Leopards.
